

4 x 4L Bullet Round Bottles in Doublewall Outer Carton with Doublewall Liner U.N. Registered Combination Package

Our 4L, bullet round bottles are made of High Density Polyethylene. They are ideal for use as a shipping container for a wide range of Chemicals and numerous general uses.

When used in conjunction with the carton, cap and closure method outlined below, this product meets the UN classification for transportation of Group II or III liquid fill dangerous goods. Classification is good for land, and sea transport.

In order for package to meet U.N. classification, all components must be precisely as identified in this document. No deviations to bottle, carton, carton closure, cap or cap closure methods are permitted. It is the responsibility of the filler to ensure that these details are adhered to.

Package conforms to U.N. CAN/CGSB-43.150-97 specifications. Registration number 4G/Y27.6/S/YY/CAN/REL 2-2094.

BOTTLE

Compatibility of fill product with container is the responsibility of the filler.

For bottle performance specifications, dimensions and shipping data, refer to sales specification number SS-B-007A for the 4L Bullet Style UN Bottle. To order, reference Reliance product code 02403000 for natural bottles or 02403001 for white.

CARTON

The outer carton is a 350# / 51 ECT test doublewall fibreboard carton with 275# / 44 ECT doublewall divider. The carton is kraft. Both are shipped collapsed for optimum space utilization. The interior dimensions of the assembled carton are 321mm x 321mm x 314mm. The carton is to be erected and sealed with 3" PVC 2000 tape, clear.

Cartons are available through Reliance by referencing the product codes listed below or they may be purchased directly from the manufacturer, Norampac.

- 00040270 for outer carton.
- 00040271 for divider

FILL-LINE READY PACKAGES

For your convenience, this package can be purchased with the bottles shipped inside the erected cartons. To order, reference Reliance product code 02403040 for natural bottles or 02403041 for white bottles.

CAP AND CLOSURE

Bottles are to be sealed with a MAC Closures Inc. 051 series 38mm SP430 *polyethylene* cap complete with Tri-Seal F-217 liner. These caps may be purchased through Reliance or directly through MAC Closures Inc.

<u>Cap Liner</u>	<u>Reliance Product Code</u>	<u>MAC Closures Inc. Product Code</u>
Tri-Seal F-217	80070200	051-50-024-610.00

2 x 4L PACKAGE

The 4 x 4L package can be supplied in a 2 x 4L size and still give you the benefit of UN Classification. Ask your sales representative for more information.
