

RELIANCE

10L Clean Flow™ Bottle

055 series

Mold Number(s): R430

A 10L heavy duty, oblong bottle made of High Density Polyethylene. The package is ideal for use as a shipping container for a wide range of Chemicals and numerous general uses.

This patent pending design features a Pinched Handle AND a No-Glug feature. The pinched handle prevents product from crystallizing in the handle, which can lead to clogged spray nozzle tips. This feature also makes cleaning easier prior to disposal. The no-glug offers an innovative breather tube that makes pouring smooth and simple. This eliminates costly and sometimes hazardous splashing of chemicals.

PERFORMANCE SPECIFICATIONS

- No objection status for food contact applications from the Health Protection Branch in Canada and compliance for use in food contact applications by the Food and Drug Administration in the United States. Black bottles excluded.

DIMENSIONS

Capacity	Rated	10.0L	Overflow (to top of neck)	11 L minimum
Weight	Bottle Only	365.0g ± 10.0g		
Dimensions	Length	9.16"	Width	6.80"
	Height to neck	15.0"	Height to handle	15.17"
Panel	Minimum Wall Thickness	0.023"		
	Height	7.2"	Circumference	28.0"

SPECIAL FEATURES

- Neck Finishes 63mm neck designed for Rieke FS-632 and FS-641 Screw Caps
- Closures Will accept induction seals. Vented caps available.
- Barrier Properties Available with **Barrier Pak** in-line **fluoronation** to reduce the permeation of aggressive formulas. See our Barrier Pak specification (SS-BP-001) for details.
